REPAIR PITCH MARKS AND ANIMAL DAMAGE ON 'GREEN OF THE DAY'

To assist in keeping the greens in the best possible condition, we have introduced 'Green of the Day'.

The Green of the Day is nominated daily by the Greenkeeper and is identified by a white flag attached to the pin **below** the coloured flag. When arriving on the Green of the Day green, please take a few moments to repair any pitch marks you may see and any animal damage that you feel you are able to deal with. This does not mean that you should stop repairing pitch marks and animal damage seen on other greens.

Any major problems or general concerns about the course should be reported to The Office.
