

‘New Forest Golf Club - A Great Place To Be’

After a period of extensive maintenance and improvements both on and off the course, New Forest Golf Club is ready for the coming season offering a full programme of social and competitive golf to members and visitors.

During March and April they are making available a ‘free’ round of golf to every person who previously was a member of the club, get in touch if that’s you.

The Club is pleased that it has recently been able to negotiate a new operating licence for its 18 hole course signed by The Secretary of State for Environment, Food and Rural Affairs and managed by the Forestry Commission.

In view of the SSSI standing of the land on which the course is sited, the Club has commissioned an ecology and landscape report which when agreed by all parties including Natural England and the Verderers, will form the basis of a ground management plan for years to come.

Playing at the Club offers a unique opportunity to experience golf as it was intended on a natural forest course in the heart of the New Forest National Park.

The Club, established 1888, is a great place to be with friends and family to enjoy the pleasures of golf, and to meet staff and members who have an unrivalled reputation for their welcoming hospitality.

The course is complimented by a comfortable forest style clubhouse which incorporates upgraded changing facilities with new shower area, open plan restaurant, bar, lounge, large external patio area and the on-site shop which always has special offers. Ivor Griffiths, Head of Marketing says

“the Club supports all standards of golfers and is keen to make golf available to everyone and for everyone to enjoy their golf. In these days of choice and cost awareness it is important that we continue our policy to offer a ‘great day out’ and make available ‘value for money’ golf.”

“We have very competitive offers to suit all situations including trial membership periods; visitor loyalty scheme; group, society and corporate day discounts; family membership and these are just a few.”

“We would welcome the opportunity to greet you as a new member or a visitor to enjoy all that we have to offer.”
